PROMULGATED RULE AMENDMENTS

1. *Emergency Promulgation Administrative Order No. 54*
<https://www.vermontjudiciary.org/PROMULGATED--A.O.54--STAMPED>

This Order was promulgated on **August 7, 2023; effective August 9, 2023.**

The purpose of Vermont Supreme Court Emergency Order Promulgating Administrative Order No. 54 is to increase access to legal services to flood victims by relaxing the court rules that apply to the attorney licensing process in certain circumstances. In particular, the emergency order eases the process to obtain an active law license for two groups: (1) Vermont lawyers with inactive law licenses and (2) out-of-state lawyers. A “Limited Emergency Pro Bono Law License” authorizes a licensee to provide pro bono legal services solely for matters related to the Flood Emergency until such time that the Court directs.

Administrative Order 54 is linked here:

2. *Promulgation Order Amending Administrative Order No. 50*

<https://www.vermontjudiciary.org/PROMULGATED-A.O.50amendments--STAMPED>

This Order was promulgated on **August 7, 2023; effective August 7, 2023.**

Administrative Order 50, which authorizes a pilot project for service by the Office of Child Support in certain cases is amended to expand the project to Washington County.

3. *Promulgation Order Amending Administrative Order No. 4; § 6(a)*

<https://www.vermontjudiciary.org/PROMULGATED-A.O.4sec6--STAMPED>

This Order was promulgated on **July 13, 2023; effective July 1, 2023.**

Administrative Order 4, § 6(a) is amended to increase the hourly compensation for assigned counsel. Pursuant to 13 V.S.A. § 5205(a), the Supreme Court sets “reasonable rates of compensation” for assigned counsel. The compensation of \$50 per hour was established in 1993 and has not been increased. Both the Vermont Bar Association and the Office of the Defender General support an increase in compensation.
